Create and convert videos, capture the screen and edit images in no time. VideoPower BLUE Activation Code is an all-in-one solution that can not only convert your videos to other formats, but also edit them, create collages and capture your screen. Straightforward video converter The main window of the utility is user-friendly, and you can easily select the videos you want to convert to other formats. No matter if you added the files via drag and drop or by manually browsing to them, you can re-arrange them within the list, or merge all of them in a single large file. You can add background audio or attach subtitles, then proceed to the final step, that of choosing the output format. The supported extensions are grouped in relevant categories, video, audio or devices, so you can easily find the one you are interested in. You can even limit the size of the output file when using VideoPower BLUE. Built-in video editor Alternatively, if you only want to enhance the looks of your clip, you can use the integrated editor. You can trim specific fragments by setting the start and end points. You can also crop and rotate the video frames, while also adjusting the volume, speed, contrast, brightness and saturation. Text and image watermarks can be overlaid, while the subtitles can get modified transparency levels and styles. Moreover, you can make collages that feature both pictures and videos, with the layout, border and aspect ratio you prefer. Customizable screen recorder Another handy function of VideoPower BLUE is its screen recorder. You can capture a certain region, the full screen, the web camera, the audio streams or specific areas around the mouse. The generated video's format can be converted to one of your choosing using the embedded converter. Conclusion All in all, VideoPower BLUE can help you perform a wide range of actions involving your videos, even if you are not a tech-savvy user. This week we head to Denmark to do a tour of some of the coolest wazers around. From the last several years, only Denmark has had a strong and long-lasting scene of deathmatching. Specifically, we track down some of the most grisly players around. From tiny vans to obliteration to headcrushing, we search for the nastiest drivers in Europe who are fearless in both gameplay and styling. Special thank you to Ragingfuck for sending over this journey to Denmark

It's a tired old world, and the times, they are a-changing. In Germany, however, there's a real sense of excitement with the potential for revolutionary change. But for an investor, it's difficult to tell whether this change is a yawn or a roar. In the months and years ahead, the tide of change can continue to build. Those of us outside Germany should pay attention and learn from her successes, but also recognize the grievances that, left unattended, could turn a yawn into a roar.
